

## Impartiality Statement

12 November 2024

Invivoscribe, Inc., a California corporation, ("IVS") and its subsidiaries ("affiliates"), including but not limited to, Laboratory for Personalized Molecular Medicine, LLC, LabPMM GK, LabPMM GmbH and Invivoscribe Diagnostic Technologies (Shanghai) Co., Ltd (IVS and its affiliates are herein referred to collectively as "the Company"), in the management of its clinical laboratories, is committed to independence and impartiality in our dealings with customers, vendors, suppliers and partners.

We maintain a presence of objectivity, independence, neutrality and freedom from conflict of interest.

It is the responsibility of the management of the Company's clinical laboratories to continuously identify, analyze, evaluate and document possible risks for conflicts of interest of the activities of the laboratory.

All of our personnel are aware of their duties and responsibilities and the requirement for impartiality is to be maintained at all times so as to ensure possible conflicts of interests do not arise. All personnel are required to declare that they are free from any undue commercial, financial or other pressure, which could affect their impartiality. The Company does not allow for laboratory staff to deal with customers or suppliers unless in a formal way.

The Company will monitor this statement to ensure it meets statutory and legal requirements.
